Collision Repair Technology

Gordon Cooper Technology Center offers full-time career pathways to high school juniors, seniors and adults. A student is eligible to receive college credit for most full-time career majors. High School students are eligible to receive math credit for various career majors. Courses are offered from 8:15 to 11:15 AM and 12:55 to 3:55 PM Monday through Friday. A student can choose to attend either the AM or PM session or both sessions. All students must be assessed before entering a career major.

The Collision Repair Technology program prepares students for a career in the repair and refinishing industry. The training focuses on four Career Majors: Collision Repair Technician, Non-Structural Repair Technician, Structural Repair Technician, and Refinishing Technician. Instruction is provided through internet, demonstrations and hands-on experience. Students develop their skills repairing and refinishing projects, trainer vehicles, heavy trucks, motorcycles and recreational vehicles using technologically advanced techniques.

The CRT Program has been evaluated by the National Automotive technicians Education Foundation (NATEF) and meets industry standards as a Collision Repair Training facility. Instruction is provided by an ASE Master Certified instructor. The Program has received ASE (National Institute for Automotive Service Excellence) accreditation in the following areas: Painting and Refinishing, Structural Analysis, Non-Structural Analysis and Damage Repair.

**Career Majors:**

(For financial aid a Career Major must be 600 hours or more.)

In-District* Full-time Tuition: $1600 ($800.00 per semester)
Required Fees: $200.00
